

Made in the United States of America

D-Ring for Adjustability

Red Elastic Strap for High Visibility

2-Layer Rubber Sole

24" Conductive Ribbon

The HGS1MD-RED heel grounder features a D-Ring Strap and elastic hook and loop for adjustability. Compliance verification is simplified by the bright red elastic strap. Heel Grounders are designed and manufactured for comfort, durability and cost effectiveness.

| Properties     | Typical Value              | Test Method                        |
|----------------|----------------------------|------------------------------------|
| Hook and Loop  | 3/4"                       |                                    |
| Elastic Strap  | Red                        |                                    |
| Sole Interior  | Non-marking                |                                    |
| Sole Exterior  | <10 <sup>5</sup> ohms      |                                    |
| Total Grounder | 1.0 x 10 <sup>6</sup> ohms | ANSI/ESD S20.20, EIA 625 ESD-SP9.2 |

| Item                       | Description                                   |

Note: This product is not recommended for use on equipment with operating voltage exceeding 250 VAC.

CAUTION: The ESD Series is for electrostatic control. It will not reduce or increase your risk of receiving electric shock when using or working on electrical equipment. Follow the same precautions you would use without wrist straps, including:

- Make certain that equipment having a grounding type plug is properly grounded.
- Make certain that you are not in contact with grounded objects other than through the ESD Series.

Unless otherwise noted, tolerance ± 10%

Specifications and procedures subject to change without notice.
